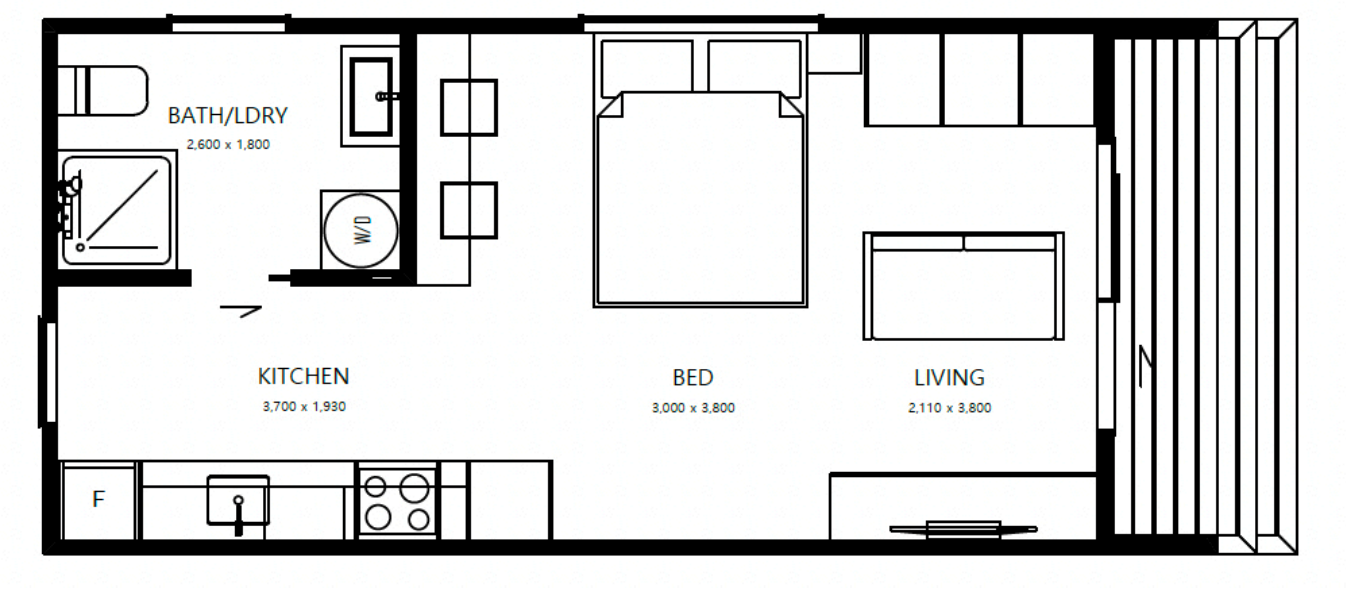
HIGHLIFE

Cape Highlife

TURNKEY FROM
POA

The Cape is a smart and stylish studio home designed to make compact living easy. Featuring a rear entry layout, this fully specified home includes a modern kitchen, spacious living and sleeping area, full-size bathroom, built-in wardrobe, and quality finishes throughout. With all design selections already made, The Cape offers a simple, ready-to-go solution for guest accommodation, workers' housing, or a low-maintenance lifestyle.

BEDROOMS	BATHROOMS	FLOOR AREA	DIMENSIONS
Studio	1	35.2 m²	4 × 8.8 m



FLOOR PLAN

3D FLOOR PLAN

PLEASE NOTE (TURNKEY):

Furniture, soft furnishings and window treatments (such as curtains) are not included, and a microwave is not supplied. Floor plans and illustrations may show these styled for photography, to illustrate how the space could be used, not what is supplied. Room sizes are approximate.

What else is included

In addition to the choices on the previous pages, your home includes the following as standard.

PLANS, CONSENTS & DOCUMENTATION

- ✓ Working Drawings
  LBP Designer produced full working drawings - house only
- ✓ Building Consent Fees
  Building consent fees - house only
- ✓ Code Compliance Certificate (CCC)
  Code Compliance Certificate obtained on completion - house only
- ✓ Electrical Certificate of Compliance (CoC)
  Electrical Certificate of Compliance issued by a licensed electrician - house only
- ✓ Guarantees & Warranties
  All applicable manufacturer warranties and builder guarantees provided on completion

STRUCTURE & FRAMING

- ✓ Building Wrap
  Thermakraft® building wrap and tapes installed to all exterior walls

  A high-performance breather membrane that provides a critical secondary weather barrier, reducing air infiltration and improving the thermal performance of the wall system
- ✓ Floor Framing
  H1.2 treated joist framing including particle board flooring substrate, 3604 technical standard
- ✓ Wall Framing
  H1.2 treated all wall framing timber fitted and fixed as per council plans, including pre-nailed frames, 3604 technical standard
- ✓ Bracing Plywood
  H3.1 plywood 12mm over full house structure to increase bracing
- ✓ Roof Trusses
  H1.2 treated, engineer-designed, gang-nailed roof trusses to suit plan and site requirements, 3604 technical standard

INSULATION

- ✓ Ceiling Insulation
  Pink® Superbatts® R7.0 ceiling insulation

  High-performance Pink® Superbatts® deliver an R7.0 rating, exceeding the NZ Building Code minimum for most climate zones to keep your home warm in winter and cool in summer
- ✓ Wall Insulation
  Pink® Batts® Ultra® R2.6 wall insulation

  Pink® Batts® Ultra® provide a proven R2.6 thermal and acoustic barrier in all exterior walls, helping maintain a comfortable interior temperature year-round
- ✓ Underfloor Insulation
  EXPOL rigid polystyrene underfloor insulation panels

  EXPOL underfloor insulation boards are a lightweight, moisture-resistant solution that significantly reduces heat loss through the floor, improving overall home energy efficiency

ROOFING

- ✓ Roof Underlay, Screws & Flashings
  Covertek 215 self-supporting roof underlay, roofing screws, and all flashings and barge caps
- ✓ Soffits
  Fibre-cement soffit/eaves linings

INTERIOR LININGS

- ✓ Ceilings
  Blondline 12mm Plywood Ceiling with Negative Detail
- ✓ Bathroom Ceilings
  James Hardie 7.5mm grooved cement board to bathroom
- ✓ Internal Walls
  Blondline 12mm plywood walls

INTERIOR FINISHES

- ✓ Skirting Boards
  60 x 10mm pine skirting boards
- ✓ Architraves
  40mm x 10mm pine architraves to all door and window openings
- 
  ✓ Cavity Sliding Doors
  MDF pre-hung, pre-primed flush panel cavity door with pine jambs
- ✓ Blinds
  Blinds Bedroom / Lounge / Kitchen / Door
- ✓ Door Stops
  Interior door stops fitted
- ✓ Smoke Alarms
  Photoelectric interconnected smoke alarms installed to meet NZ Building Code requirements
- ✓ Manhole / Access Hatch
  Framed manhole / ceiling access if required during the design process

KITCHEN

- ✓ Pull-Out Rubbish Bin
  Integrated pull-out rubbish/recycling bin cabinet
- ✓ Cutlery Tray
  In-drawer cutlery tray insert. White colour

BATHROOM

- ✓ Bathroom Extractor Fan
  Energy-efficient exhaust fan installed to bathroom and ensuite as required by NZ Building Code
- ✓ Heated Towel Rail
  Nouveau Heated Towel Rail 5 Bar Chrome installed in bathroom
  SKU 407714 / A-CR05-2-02

PLUMBING & ELECTRICAL

- ✓ Electrical Installation
  Full electrical installation including LED downlights, Vynco switches & USB outlets, switchboard, and exterior lights
- ✓ Electrical Installation Ducting
  Ducting to switchboard for mains cable
- ✓ TV & Data Points
  TV aerial point and data / ethernet outlets installed as per plan
- ✓ Plumbing Installation
  Full internal plumbing including an exterior tap, lead-free fittings throughout
- ✓ Dishwasher Plumbing & Wiring
  Hot and cold water connections and dedicated electrical circuit provided for dishwasher installation

HEATING

- ✓ Heat Pump
  Mitsubishi Heavy Industries - Avanti 3kW heat pump installed for heating and cooling

What's not included

PLANS, CONSENTS & DOCUMENTATION

- × Resource consent
  Resource consent applications and associated fees if required for your site (e.g., for non-complying activities or district plan rules)
- × Consents
  On site consent for site and services
- × Geotechnical / site-specific engineering
  Site-specific geotechnical investigation, soil testing, or specialist engineering reports. Site investigations, consents, reports
- × Survey & title fees
  Land surveys, title searches, or legal fees related to the property

FURNITURE & DÉCOR

- × Window treatments
  Curtains, shutters, and associated tracks or hardware
- × Furniture
  All furniture including beds, sofas, tables, chairs, and storage units unless otherwise stated as an inclusion
- × Soft furnishings & décor
  Cushions, rugs, artwork, mirrors (beyond the standard bathroom mirror), and all decorative items

APPLIANCES

- × Microwave oven is not supplied

PLUMBING & ELECTRICAL

- × Mains power connection
  Connection of the home to the mains electrical supply from the boundary or meter box. The home is wired and ready for connection; the line connection itself is the customer's responsibility
- × Water supply connection
  Connection to mains water supply, water tank, or pump system from the boundary to the home
- × Wastewater & sewage connection
  Connection to mains sewage, septic tank, or effluent disposal system. Including any septic tank design, supply, and installation
- × Stormwater connection
  Stormwater drainage from downpipes to an approved disposal point
- × Gas supply connection
  LPG bottle/cylinder supply and regulator, or natural gas connection from the boundary. The home is plumbed and ready; gas supply is the customer's responsibility
- × Internet, phone & fibre
  Any broadband, fibre, phone line, or Sky TV connection and associated installation fees

SITE & LAND PREPARATION

- × Site visits
  Physical site visits
- × Site earthworks & levelling
  Clearing, levelling, or grading of the land prior to or following installation
- × Foundations & piles
  Physical foundation piles, concrete slab, or sub-floor structure at the site
- × Retaining walls
  Any retaining walls, cut-and-fill works, or erosion control required on site
- × Delivery & transportation
  Transportation of the home to the site and any cranage, machinery, or access works required for placement

OUTDOOR & EXTERIOR

- × Decks, verandahs & outdoor stairs
  External decks, verandahs, pergolas, and entry stairs unless noted in inclusions
- × Driveway & paths
  Driveway, footpaths, concrete pads, and hardstanding areas
- × Landscaping & gardens
  Lawns, planting, garden beds, topsoil, bark, irrigation, and any other landscaping works

× Fencing & gates
Boundary or privacy fencing, garden gates, and associated posts or foundations

× Garage, carport & shed
Standalone garages, carports, or sheds

× Letterbox
Letterbox and house number signage

GENERAL

× Any item not listed in the Inclusions Schedule
Only items specifically listed in your signed Inclusions Schedule are covered. If you are unsure whether something is included, please ask before signing

× Plan customisation
Any changes or upgrades to the standard plan that are significant enough to require a custom concept plan

× Material upgrades & variations
Any upgrade to a standard specification (e.g., premium cladding, stone benchtops, upgraded appliances) is available at an additional cost and must be agreed in writing

× Damage caused by third parties or site conditions
Damage resulting from site conditions, weather events, or third-party works after delivery is not covered
